

 Sometime  when  I  poo  I  like  to  play  with  it  it  my

hands.

 Sometimes  I  wipe  it  on  walls  and  surfaces.

 Poo  contains  germs  that  might  make  me  unwell  and it is

 not  nice  to  touch  or  play  with  poo.

 I  should  keep  my  poo  in  my  pad  or the  toilet.

If  I  want to  I can  have  sensory play  instead  with  shaving foam

 or something  that  I  like.

 My  grown  up  will  be so  proud  of  me  if  I  do not play  with

my

poo.
